

My name is Ginny Fraser. I have lived in Dunsfold for 19 years and love it. What I love is the rural nature of our village; the green-ness, the lack of street lights, the fact we have just one pub and just one shop. I've been a volunteer on the Bonfire Committee for many years; run the Dog Show at the Fete for a long time and organise the distribution of Parish magazine

The reason I would like to be on the Parish Council is to use my voice and my time and effort to maintain all those aspects I love - which includes helping to make sure that any building that takes place here is in the best possible part of the village for all of us. And addressing the quality and state of our roads and pathways and the common. I work as a Leadership Coach so would hope to bring the skills of collaboration and good communication to the meetings. Finally, In the past couple of years I have talked to the current council about making themselves more accessible to the people of the village. I would like to continue that should I be elected.
