

Mel Shone

I am a solicitor and live with my husband Doug in central Dunsfold. I enjoy taking an active part in Dunsfold life, including church, toad patrol (DART), Speedwatch and DADS. In the last 2 years, I have helped to organise the village fete and jubilee celebrations. I have passionately stood up for causes I believe are important to the village, including as part of the Dunsfold Planning Action Group. I care deeply about our community and natural environment. Controversial development coupled with a decline in local services (e.g. doctors and buses) is a key concern for me.

I would describe myself as pro-active, approachable and collaborative. My day job and experience mean I have confidence to tackle complex and difficult topics. My core values are transparency, integrity and fairness. As a community, we face many challenges - if elected, I will work to ensure that the council actively represents the interests of the village and people it serves.
