

Mike Cookson-Taylor

I am a current parish councillor and I am seeking re-election to serve in Dunsfold. I have a proven track record of community service and have contributed significantly to the improvement of the community through my various roles.

I am the Chairman of The King George V Management Committee, where I have worked to improve the grounds and building, maintaining a close working relationship with the users, groundsmen and caretaker.

Member of The Dunsfold Parish Council Common committee

Committee member of The Friends of Dunsfold Common.

Chairman and founding member of Dunsfold Amphibian Rescue Team, which operates every February to April, saving and relocating the amphibians from being run over on our roads.

I believe in working collaboratively with others and maintaining close working relationships with all team members and the community. My experience and skills will make me a strong candidate for the position of Parish Councillor in Dunsfold. If I get elected, I will work diligently to serve the community and ensure that the interests of its residents are well-represented.
