

NIGEL WATERSON

I live with my wife Barbara on The Green. We love Dunsfold and enjoy attending and helping with village activities and events. I am a retired lawyer and politician. I am a founder of the Dunsfold Planning Action Group - a recently formed, and growing, group of villagers dedicated to opposing inappropriate development. I have spoken at two recent planning appeals, successfully opposing a development of 21 houses at North Gratton Chase. I am a regular attendee at parish council meetings and I am standing for election because I believe the council would benefit from fresh blood. I want the parish council to be the beating heart of our community - open, transparent and inclusive in its dealings, involved in every aspect of village life, and passionate in defending and enhancing our local environment and village facilities.
