

The School Field

The field was transferred to Surrey County Council (SCC) by a Transfer dated 12th May 1967 from the then owner of New Pound Farm for a consideration of £300. The Transfer contained a covenant by SCC "not to use the field for any purpose other than as a school playing field in connection with the school on the adjoining land".

Consideration regarding the field was not part of the working group's remit and did not form part of the diocesan proposal.

However, at a Council meeting on 9th December 2025, it was agreed that the Council would enter into negotiations with Surrey County Council to gain ownership of the playing field via a Community Asset Transfer.
